## **SOUTHERN CROSS MODEL RAILWAY ASSOCIATION**

Welcome to the hobby of Model Railways. Railway Modelling is an art, a science and a way of relaxation all in one. Each member of the hobby, new and old alike, enjoys the hobby in his own way and adds his own skills and thoughts and it is through these we are able to produce fresh and exciting ideas. The Association acts as a forum for the ideas and a meeting ground where you can learn and develop skills and eventually pass on your knowledge and experience to others.

S.C.M.R.A. produces the Australian Model Railway Magazine which is supplied to all financial members. The joining kit contains a range of model railway standards, recommended practices and information sheets. Meetings and clinics are also organised. There is also a range of special services for members.

The annual membership fee covers the period 1<sup>st</sup> March to 28<sup>th</sup> February the following year. Please check the latest issue of A.M.R.M. for the current fees, as these are dependent on postage, printing and other costs. Half rate membership applies after 2 September. Contact the Secretary for further details.

When you are ready to join, send in the application form or contact your local representative for more details.
